Sport Premium Impact 2015-16

What is Sport Premium?
It is an extra allocation of ring-fenced funding for all primary schools from the Government in 2015-16 to improve the outcomes for sport and PE for all children.

Principles:
At Coniston C of E Primary School we aim to improve the quality of PE and sports provision for all children by:

- Providing specialist coaching to develop children's skills;
- Providing high quality professional development opportunities for school staff;
- Ensuring facilities, equipment and resources are of high quality;
- Providing access and opportunity for all children to take part and compete in tournaments, competitions and after school clubs.
- Provide opportunities for children to take part in and learn about a wider range of sports including those difficult to access in the local area.

In 2015-16 the allocation is a lump sum of £8000, plus £5 per pupil. This school will receive an estimated £8150.

The Sport premium Grant for 2015-16 will be targeted towards:

Item	**Budget**	**Impact**
Inter-school events and competitions delivery & organisation	£650	Improved links with local schools. Inter schools football/ netball matches. School entered into county final cross country where a girl U9 won first place.

Equipment and resources	£550	Netball and basketball nets; dance and movement bag; sensory balls x2 Improve quality of PE for children with Special educational needs(visually impaired)

<u>Pupil PE Survey – Results</u>

100% of pupils enjoy some, most or all PE lessons. Children feel confident and safe, find them fun. Our most popular sports are swimming, gymnastics and cricket.
Clubs are attended well by all year groups and 10 children attend other clubs outside school. More than half of our children use community facilities such as the school playground for football and the sports and social club.

The PE survey suggests that children would like to try the following new clubs: climbing; gymnastics; dance; drama; tennis; rugby; cycling; and cheerleading.

There is a lack of local nearby competitive sports where children do not have to travel to take part. There may be a need to put some of the money from sport funding into a local activity maybe at school.

Case Study
2 boys (years 9 and 10) have qualified for the England Cross Country Championships this Summer
